FOREWORD

by the Secretary General

2022 brought EJTN back to the 'new normality'. After a long pandemic with many last minute changes and adaptations, training activities once again became plannable. The essence of the European Judicial Training Network's (EJTN's) training activities is to build and deepen mutual trust by bringing together judges and prosecutors from all over Europe, to enable them to meet in a protected physical space to discuss legal and other issues face-to-face. This became possible again in 2022. Still, we have learned a great deal in the three years that have just passed. Our training offer is much broader than it used to be before. We have many new online activities, such as the fortnightly lunchtime webinars and the online conversation classes in five languages.

As usual, the EJTN 2023 offering is designed to address the interests and needs of European judges, prosecutors, judicial trainees and trainers from across Europe regarding training on EU law, the Rule of Law, judgecraft, training methodologies, linguistics and societal issues. Most of our training activities will be open to court staff.

EJTN's activities are the outcome of the cumulative efforts of EJTN's members, encompassing all national training institutions from all 27 EU Member States, including national court staff training providers and the Academy of European Law (ERA), with the objective of shaping the future of European judiciaries. They are built on an extensive training needs analysis encompassing an evaluation of the past events. These needs are expressed by EJTN's members, participants of EJTN's activities, numerous

partner organizations, including judicial networks and associations, as well as European institutions and EU Council Presidencies.

We are grateful to everyone involved in the development and implementation of EJTN's activities: EJTN's member institutions, the Working Group Programmes and the members of its four Sub-Working Groups, the members of the Working Group Judicial Training Methods and Working Group Linguistics, and all their conveners, activity coordinators, experts and project managers of the EJTN Secretariat.

We are presenting here an overview of EJTN's extensive range of training activities, as well as information on how, when and where to apply. We encourage everyone to take part in the seminars presented, as well as other training opportunities, and to further disseminate information about EJTN's training activities.

This calendar also presents EJTN's database of materials and resources, and the English language self-test. Reference is also made in the publication to the EJTN lunchtime webinars and the recently launched online conversation classes in five languages.

Please note that the EJTN flagship activity, the Exchange Programme, is not presented in this calendar.

Finally, we would like to express our thanks to the European Commission for its financial support for the EJTN, which made it possible to offer such a rich array of judicial training opportunities.

FOREWORD

by the Calendar Coordinator

It is with great pleasure that, for the 6th consecutive year, we are presenting the publication of the Calendar of EJTN training activities containing EJTN's activities in various areas: Administrative Law, Civil Law, Criminal Justice, Human Rights and Fundamental Freedoms, Legal language training, Legal Language Summer Schools, the THEMIS competition, Judicial Training Methods; as well as activities of EJTN's Members.

The publication has seen continuous developments over the years, from 2018 to the present day:

Activities were only listed by area in 2018; a listing of activities by date and by venue has been added since 2019, as were annexes on 'Deadlines for application' and Allocation of Places in the Criminal Justice Portfolio and Catalogue Plus Portfolio'.

Information was added in the following years on new tools or projects: the 'Language test' (2020 Calendar), 'The lunchtime webinar series' (2021 Calendar) and the new 'Online conversation classes' (2022 Calendar).

The Digital Training Hub (traininghub.ejtn.eu) is new in 2023. All activities can be found there with all relevant information on the contents, the application procedure and all related documentation. This tool allows you to filter through all EJTN and members' seminars and webinars.

In terms of numbers, the 2023 EJTN activities encompass more than 300 training sessions, with increased numbers in all areas from 2018 to 2023, the most notable being in the Administrative and Civil Law portfolios, as well as the Judicial Training Methods.

Links are added to descriptive individual web pages for each activity with the titles of the activities.

Click on the related link to see the description of the activity you are interested in attending, as well as the Agenda, preparatory materials and information on that training.

The publication also contains sections on 'How to Apply' for the various activities, all 'Virtual (e-) learning projects' and EJTN's 'Methodologies and Resources Database' to be found on EJTN's new website.

This publication can be downloaded as a PDF file from the EJTN website.

A number of printed copies will be sent to the EJTN Members, Observers and Partners in the initial weeks of February 2023.

I would like to express my special thanks to all my colleagues in the Secretariat, as well as everyone from the EJTN who contributed to this publication.

And I would especially like to thank all of EJTN's past and future participants.

Enjoy EJTN's activities!

Carmen Domuta
Head of Unit, EJTN Secretariat

VIRTUAL (E-)LEARNING PROJECTS

ONLINE CONVERSATIONAL CLASSES

The EJTN has completed the pilot project of online conversational classes. The series of six 1-hour weekly online classes started in 2021, continued in 2022 and the EJTN will repeat the series in 2023. Participants can join one of the ten classes offered in various languages: English, French, German, Italian and Spanish. Several classes are held in English, some for participants at an intermediate (B1) language level and some for those at an upper intermediate (B2) language level. French, German, Italian and Spanish classes are intended for participants at an upper-

intermediate (B2) language level.

The series helps participants improve their speech skills in the target language while also learning important legal terminology. Each class consists of 8-10 participants to maximise interaction between them. The project is conceived to improve the legal language skills of the participants and therefore prepare them for participation in any of the EJTN's numerous activities.

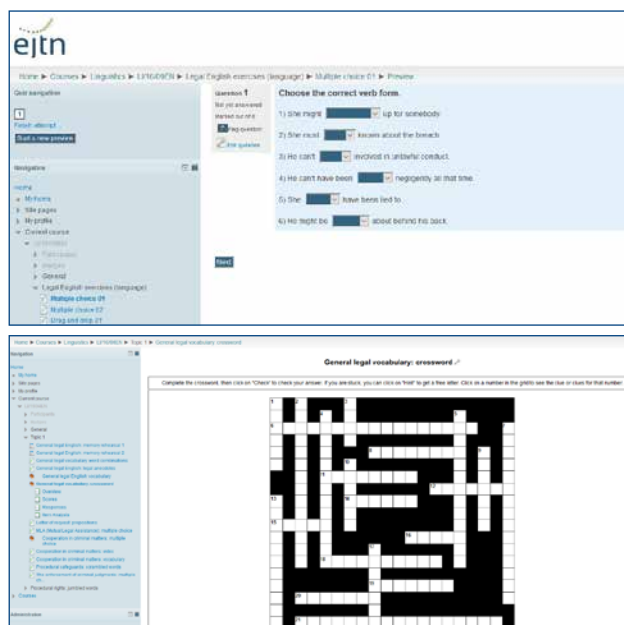

The next series of classes will be held in Spring 2023. The exact dates will be announced in due course.

1H LUNCHTIME WEBINARS

EJTN reacted in 2020 to the coronavirus crisis with a series of short webinars in the 1 topic/1 expert/1 hour format. The topics were in line with the prevailing crisis and were well received by the EU judiciary. The series continued in 2021 and 2022 with new topics related to the various areas. The popularity of the 1h

Lunchtime webinars has resulted in their continuation in 2023 with topics from the various portfolios and in the same format. In order to participate, potential attendees will register through the OSP platform; registration will be open to all interested candidates.

Pre-Classroom E-learning Modules

Blended learning

EJTN's blended learning modules successfully combine the best elements of virtual and traditional classroom-based learning.

Several of EJTN's training seminars feature pre-classroom self-study components, which are to be completed by the participants online before the classroom activities start.

Designed to maximise learner engagement and interaction, these activity-rich modules enable participants to come to the classroom fully prepared.

EJTN has prepared blended learning modules for training seminars within its linguistics and criminal justice portfolios with the help of expert virtual learning consultants.

LANGUAGE TEST

AN ONLINE TOOL FOR CANDIDATES TO ALL OF EJTN'S TRAINING ACTIVITIES

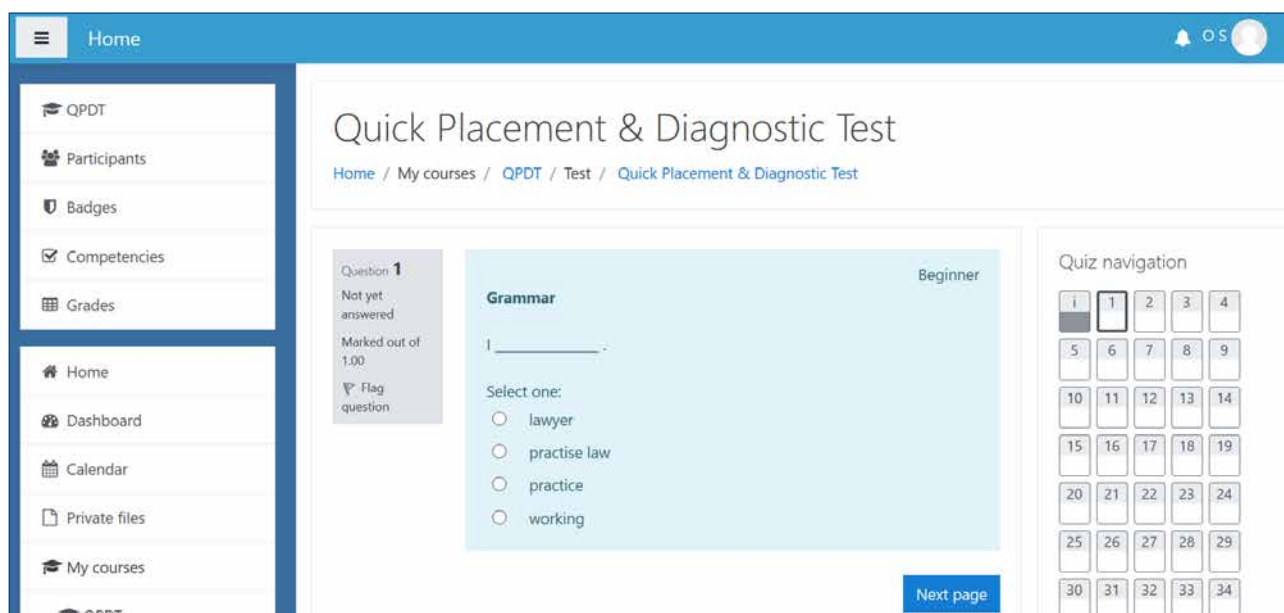

An online English language level test is available on the EJTN website: learning.ejtn.eu/login

This allows potential participants to test their knowledge of legal English before applying for EJTN's training and give them an idea of the language level at which they currently are in order to help them choose the right activity.

Interested participants should access the website, where they should create their own profile to start the test.

The test has 50 questions testing grammar and vocabulary. Participants have a time limit of 45 minutes to complete the test. After completing the test, each participant receives a certificate from the system with the level attained. Interested candidates can repeat the test after one year.

The screenshot shows the EJTN Quick Placement & Diagnostic Test (QPDT) interface. The top navigation bar includes a menu icon, the word "Home", and user profile icons. The left sidebar contains a list of navigation items: QPDT, Participants, Badges, Competencies, Grades, Home, Dashboard, Calendar, Private files, and My courses. The main content area is titled "Quick Placement & Diagnostic Test" and includes a breadcrumb trail: Home / My courses / QPDT / Test / Quick Placement & Diagnostic Test. The test interface is divided into three sections: a question panel on the left, a question area in the center, and a quiz navigation grid on the right. The question panel shows "Question 1", "Not yet answered", and "Marked out of 1.00". The question area is titled "Grammar" and "Beginner", and asks the user to "Select one:" from four options: "lawyer", "practise law", "practice", and "working". The quiz navigation grid shows a 4x4 grid of question numbers from 1 to 34, with question 1 highlighted. A "Next page" button is located at the bottom right of the question area.

The EJTN applies its data protection policy to this test (more information on the data protection policy [here](#)). The result certificates are only sent to the participants. If required by the national institution, the participant may send his or her certificate to the institution by email.
