Objective

This event will comprise English language training on the one hand, and training on the European criminal justice instruments on the other.

Methodology

Participants will be divided into two groups upon assessment of their linguistic strengths. This will guarantee a workable number of in-depth language training and will not influence the transnational character of the event. This approach will also allow parallel sessions during which one group will receive legal and the other one language training. The seminar will offer a mixture of training methods, varying from lectures to interactive workshops. The seminar will be conducted by legal experts and linguists.

Who should attend?

Court staff and bailiffs from EU Member States who need to work with EU criminal law instruments to fulfil judicial or procedural functions. Participation is only possible upon nomination by the project partners.

Venue

European Judicial Training Network
Rue du Commerce, 123
1000 Brussels

About the Project

The seminar is part of a large-scale project co-funded by the European Commission entitled "Training court staff and bailiffs in European cross-border civil and criminal law procedures". The project brings together 18 organisations from different countries that will tackle the deficiencies of court staff and bailiffs' training by adopting a modern and practical approach to EU judicial training. 10 language training events and 11 pan-European legal seminars will be offered in face-to-face, hybrid and online formats.
